Who's Who

When you want any thing done, call on Jesse Eckles. He is one of the most dependable, likable all-round boys in Slaton High School.

Friendly, good-natured Sam Burnett is a favorite with both students and faculty. In the years to come may Slaton High have many more like him.

In the middle of all school activities you will find Mary Harral doing her best. Friendly, studious, she has a place in the hearts of the students and faculty.

Musical ability and a friendly manner make Betty Jo Gentry one of the most outstanding students of Slaton High.

Making and holding friends is a pushover for R. L. Kirk. His quiet manner and pleasing personality make him a favorite with teachers and students alike.

Brains and a load of personality combine to make James Fletcher not only an outstanding boy but one of the top students in S. H. S.

An enthusiastic leader with just enough reserve to make her attractive to all, is Anna Phillips.

A good student, a good sport, dependable in all things is Glyndon Dawson.

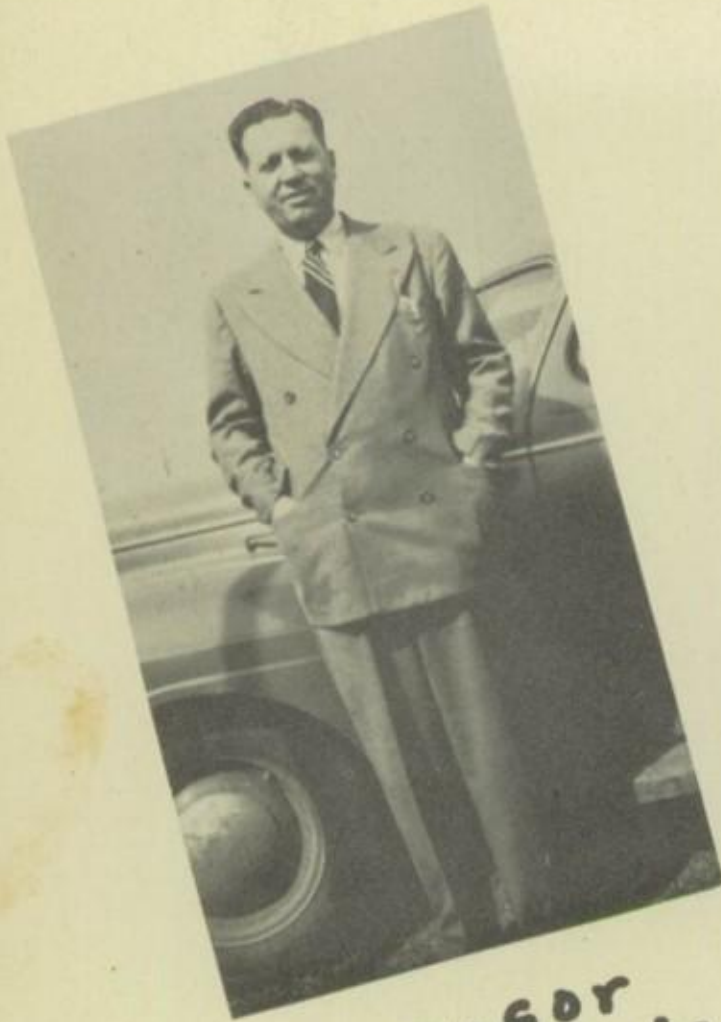

A lovely personality, dependable and a worker for her class, is Lena Schmidt, favorite with teachers as well as her class.

When future leaders will be chosen Carl Lewis will be one of them.
